

FRANCES CLAIRE MOORE

fmoore@ucdavis.edu, 617-233-3380

RESEARCH INTERESTS

Social and economic impacts of climate change; climate change policy and adaptation; environmental economics; econometrics; inference and decision-making under uncertainty; modeling the coupled climate-social system; risk management; detection and attribution of climate change impacts.

POSITIONS

2022 - Current	Associate Professor, Department of Environmental Science and Policy, University of California Davis
2023 – Current	UC Davis Chancellor’s Fellow
2022 – Current	Hurlstone Presidential Chair in the Department of Environmental Science and Policy, University of California Davis
2022 – 2023	Senior Economist, Council of Economic Advisors, Executive Office of the President
2016 - 2022	Assistant Professor, Department of Environmental Science and Policy, University of California Davis
2015 – 2016	Ciriacy-Wantrup Postdoctoral Fellow, Department of Agricultural and Resource Economics, University of California Berkeley

EDUCATION

Ph.D. Emmett Interdisciplinary Program in Environment and Resources, Stanford University, 2015

M.A. Economics, Stanford University, 2015

M.E.Sc. Global Change Science and Policy, Yale School of Forestry and Environmental Studies, 2010

B.A. Earth and Planetary Sciences, *summa cum laude*, Harvard University, 2006

PUBLICATIONS¹

Peer-Reviewed Journal Publications

Robert Fofrich, Lauren Liebermann, Frances C. Moore and Steven J. Davis, in review, “Company-Specific Transition Risks in the Global Power Sector”

Frances C. Moore, Moritz A. Drupp, James Rising, Simon Dietz, Ivan Rudik and Gernot Wagner, in revision, “Synthesis of Evidence Yields High Social Cost of Carbon Due to Structural Model Variation and Uncertainties”, *Science*.

Moritz A. Drupp, Martin C. Hansel, Eli P. Fenichel, Christian Gollier, Ben Groom, Geoffrey M. Heal, Peter H. Howard, Anthony Millner, Frances C. Moore, Frikk Nesje, Martin F. Quass, Sjak Smulders, Thomas

HONORS AND AWARDS

Graduate Program Advising and Mentoring Award, UC Davis, 2021

Hellman Fellow, 2018-2019

Stanford Interdisciplinary Graduate Fellow, 2012-2015

National Science Foundation Graduate Research Fellow, 2009-2012

Switzer Foundation Fellow, 2009

Undergraduate: Phi Beta Kappa, John Harvard Scholar, Harvard College Scholar, Detur Book Prize, National Merit Scholar, Fisher Prize for Excellence in Geographic Information Science

GRANT FUNDING

“Developing a Comprehensive Framework for Estimating the Social Costs of Emissions of Criteria Pollutants and Air Toxics in California” (2021-2023), with Mark Delucci (Lead PI, UC Davis), California Air Resources Board, \$456,245

“CNH2-S: Understanding the Coupling Between Climate Policy and Ecosystem Change” (2019-2023), lead-PI with co-PIs Marc Conte (Fordham University) and Xiaoli Dong (UC Davis), *Dynamics of Integrated Socio-Environmental Systems*, National Science Foundation, \$749,586.

“Quantifying the Costs of Ecosystem Damages from Climate Change for Improved Climate Policy Analysis” (2018-2019), Hellman Foundation, \$30,000

“Monitoring and Managing Food, Energy, and Water Systems Under Stress: The California Crucible” (2017 – 2022), with Steve Davis (Lead PI, UC Irvine), Jennifer Burney (UCSD), Jack Brouwer (UC Irvine), Scott Samuelson (UC Irvine), and Amir AghaKouchak (UC Irvine). *Innovations at the Nexus of Food, Energy, and Water Systems*, National Science Foundation and USDA. \$2,887,132.

PRESENTATIONS

Conference and Workshop Presentations

Frances C. Moore, James Rising, Moritz Drupp, Simon Dietz, Ivan Rudik and Gernot Wagner, 2023, “Synthesis of Evidence Yields Higher Social Cost of Carbon Due to Model Extensions and Uncertainties”, at *American Economic Association*, San Antonio TX, 6th January.

Frances C. Moore, James Rising, Moritz Drupp, Simon Dietz, Ivan Rudik and Gernot Wagner, 2022, “Distribution, Drivers of Variance, and Structural Uncertainty in the Social Cost of Carbon” at *Association of Environmental and Resource Economists Summer Conference*, Miami FL, 3rd June.

Frances C. Moore, Arianna Stokes, Marc Conte, and Xiaoli Dong, 2021, “Noah’s Ark on Rising Seas: Climate Change, Biodiversity Loss and Public Adaptation Costs in the United States” at 22nd *Annual BIOECON Conference: Integrating Natural and Social Science for Conserving Biodiversity*, Jackson Hole WY, 19th Sep.

Frances C. Moore, Arianna Stokes, Marc Conte, and Xiaoli Dong, 2021, “Noah’s Ark on Rising Seas: Climate Change, Biodiversity Loss and Public Adaptation Costs in the United States” at *Association of Environmental and Resource Economics Summer Conference*, virtual via Zoom, 2nd June.

Frances C. Moore, Katherine Mach, Katie Lacasse, Yoon-Ah Shin, Lou Gross and Brian Beckage, 2020. “Linking Social, Political, and Technical Feedbacks to Model Tipping Points in the Climate-Social System” at *American Geophysical Union Fall Meeting*, virtual via Zoom, 11th December.

Frances C. Moore and Nick Obradovich, 2020. “Using Remarkability to Detect Coastal Flooding Thresholds” at *The Workshop on Environmental Economics and Data Science*, hosted by University of Oregon, virtual via Zoom, 20th October.

Frances C. Moore, 2020. “Noah’s Ark on Rising Seas: Climate Change, Biodiversity Loss, and Public Adaptation Costs in the United States”, at *Climate Adaptation Research Symposium: Measuring and Reducing Societal Impacts*, hosted by UCLA Luskin Center for Innovation, virtual via Zoom, 21st Sep.

Frances C. Moore, 2020. Invited. “Macroeconomic Damage Functions”, at *Strengthening Understanding of the Economic Impacts of Climate Change*, hosted by Grantham Research Institute and University of Oxford, virtual via Zoom, 13th July.

Bernie Bastien-Olvera and Frances C. Moore, 2020. “Use and Non-Use Value of Nature and the Social Cost of Carbon”, at *Association of Environmental and Resource Economics Summer Conference*, virtual via Zoom, 4th June.

Frances C. Moore and Alexis Hannart, 2020. “The Fingerprint of Anthropogenic Warming on Global Agriculture” at *Association of Environmental and Resource Economics Summer Conference*, virtual via Zoom, 3rd June.

Frances C. Moore and Jesus Gonzalez, 2020. “Intertemporal Arbitrage of Water and Long-Term Agricultural Investments: Drought, Groundwater Banking, and Perennial Cropping Decisions in California” at *Allied Social Sciences Association Annual Meeting*, San Diego, CA, 4th Jan.

Frances C. Moore and Jesus Gonzalez, 2019. “Estimating the Adaptive Benefits of Water Markets for California Irrigated Agriculture” at *Association for Environmental and Resource Economists Summer Conference*, Lake Tahoe, CA, 31st May.

Frances C. Moore, 2019. Invited. “Applications of Big Data to Problems in Climate Change Impacts” at *Bringing Statistical Methodology to Big Data Problems in Agricultural and Environmental Economics*, Davis, CA, 24th May.

Frances C. Moore and Alexis Hannart, 2019. “Characterizing and Detecting the Emerging Influence of Anthropogenic Warming on Global Crop Yields” at *The Workshop on Environmental Economics and Data Science*, Portland, OR, 29th – 30th March.

Frances C. Moore and Alexis Hannart, 2018. Invited. “Characterizing and Detecting the Emerging Influence of Anthropogenic Warming on Global Crop Yields” at *American Geophysical Union Fall Meeting*, Washington, DC, 10th – 14th December.

Frances C. Moore, Nick Obradovich, Flavio Lehner, and Patrick Baylis, 2018. “Defining Extreme Temperatures Using Social Remarkability: Evidence from Twitter for Rapidly Shifting Baselines in a Changing Climate” at *American Geophysical Union Fall Meeting*, Washington, DC, 10th – 14th December.

Frances C. Moore, Nick Obradovich, Flavio Lehner, and Patrick Baylis, 2018. “Rapidly Adjusting Perceptions of Temperature in a Changing Climate” at *17th Occasional Workshop in Environmental and Resource Economics*, University of California Santa Barbara, Santa Barbara, CA, 9th – 10th November.

Frances C. Moore, Nick Obradovich and Flavio Lehner, 2018. “Rapidly Adjusting Perceptions of Temperature in a Changing Climate” at *NBER Energy and Environmental Economics Summer Institute*, National Bureau of Economic Research, Cambridge, MA, 23rd – 24th July.

Uris Baldos, Thomas Hertel, and Frances C. Moore, 2018. “Biophysical and Economic Geographies of Climate Change Impacts on Agriculture” at *Trade and Agriculture*, National Bureau of Economic Research, Cambridge, MA, 17th – 18th May.

Frances C. Moore and Alexis Hannart, 2018. “Characterizing and Detecting the Influence of Anthropogenic Warming on Global Crop Yields” at *International Detection and Attribution Group*, Lawrence Berkeley National Laboratory, Berkeley, CA, 13th – 15th March.

Frances C. Moore, 2018. Invited. “Using the Climate Impacts Literature to Derive New Damage Functions for the Agricultural Sector” at *Advanced Workshop on Climate Economics*, University of California Berkeley, January 20th.

Frances C. Moore and Alexis Hannart, 2017. Invited. “Characterizing and Detecting the Influence of Anthropogenic Climate Change on Crop Yields” at *Environmental Risk Modeling and Extreme Events*, Centre de Recherches Mathématiques, Montreal, Canada, 28th-31st August.

Frances C. Moore, 2017. “New Science of Climate Change Impacts on Agriculture Implies Higher Social Cost of Carbon” at *International Energy Workshop*, College Park MD, 12th-14th July.

Frances C. Moore and Charles Kolstad, 2017. “Framing the Problem” at *Advances in Estimating Economic Effects from Climate Change Using Weather Observations*, Stanford CA, 18th-19th May.

Frances C. Moore, Uris Baldos, Thomas Hertel, and Delavane Diaz, 2016. “Climate Change Impacts on Yield and Welfare: Results from a Meta-Analysis and the GGCM” oral presentation at *American Geophysical Union Fall Meeting*, San Francisco CA, 12th-16th December.

Frances C. Moore, 2016. Invited. “Estimating the Importance of Private Adaptation: A Review of Empirical Methods and Framework for Comparison”, poster presentation at *American Geophysical Union Fall Meeting*, San Francisco CA, 12th-16th December.

Frances C. Moore, 2016. Invited. “Climate Change Impacts on Agriculture: Understanding Global Effects on Yield and Welfare”, *International Agricultural Trade Research Consortium*, Scottsdale, AZ, 10th December.

Frances C. Moore, Uris Baldos, Thomas Hertel and Delavane Diaz, 2016. “Welfare Effects of Climate Change Impacts on Agriculture: Evidence from Over 1,000 Yield Studies”, *19th Annual Conference on Global Economic Analysis*, Washington, DC, June 15th -17th

Frances C. Moore, Uris Baldos, Thomas Hertel and Delavane Diaz, 2016. “Welfare Effects of Climate Change Impacts on Agriculture: Evidence from Over 1,000 Yield Studies”, *AERE Summer Conference*, Breckenridge, CO, June 9th-11th.

Frances C. Moore, Uris Baldos and Thomas Hertel, 2016. “Economic Impacts of Climate Change on Agriculture: Comparing Process-Based and Empirical Yield Models”, *Comparing Methods and Improving the Empirical Foundations of Agriculture Impacts*, Seville, Spain, 6th-7th June.

Frances C. Moore, 2015. Invited. “Adjustment Costs, Learning, and Extremes in a Changing Climate,” oral presentation at *American Geophysical Union Fall Meeting*, San Francisco, CA. December 14th-18th.

Frances C. Moore and Marshall Burke, 2015. “Estimating the Importance of Private Adaptation to Climate Change in Agriculture: A Review of Empirical Methods”, poster presentation at *American Geophysical Union Fall Meeting*, San Francisco, CA. December 14th-18th.

Frances C. Moore and Delavane B. Diaz, 2014. Invited. “Stringent Mitigation Policy Implied by Temperature Impacts on Economic Growth,” oral presentation at *American Geophysical Union Fall Meeting*, San Francisco, CA. December 15th – 19th.

Frances C. Moore and David B. Lobell, 2014. “The Fingerprint of Climate Change on European Crop Yields,” poster presentation at *American Geophysical Union Fall Meeting*, San Francisco, CA. December 15th – 19th.

Frances C. Moore and David B. Lobell, 2013. “Empirically Estimating the Potential for Farm-Level Adaptation to Climate Change in Western European Agriculture,” oral presentation at *American Geophysical Union Fall Meeting*, San Francisco, CA. December 9th-13th.

Frances C. Moore and David B. Lobell, 2012. “A Ricardian Hindcast: Constraining the Rate of Autonomous Adaptation in Agriculture from Observations of European Land Values,” poster presentation at *Adaptation Futures 2012: International Conference on Climate Adaptation*, University of Arizona, Tuscon, AZ. May 29th – 31st.

Frances C. Moore, 2011. “Investigating the Effect of Agent Rationality Assumptions on Models of Agricultural Adaptation,” poster presentation at *American Meteorological Society Conference on Climate Adaptation and 19th Conference on Applied Climatology*, Asheville, NC. July 18th-20th.

Frances C. Moore, 2011. “Defining Adaptation: Creating Knowledge in a New Area of Climate Change Policy,” oral presentation at *American Meteorological Society Sixth Symposium on Policy and Socio-Economic Research*, Seattle, WA. January 27th. Student presenter award.

Frances C. Moore, 2010. “Negotiating Adaptation: Competing Equity and Development Discourses in the International Adaptation Negotiations,” oral presentation at *Integrating Climate Change and Development Ethics*, Pennsylvania State University, PA. April 14-16th.

Frances C. Moore and Michael C. MacCracken, 2009. “Lifetime-Leveraging: Mitigation of Short-Lived Greenhouse Gases as a Pathway to International Agreement and Climate Protection,” poster presentation at *International Scientific Congress on Climate Change*, Copenhagen, Denmark.

Frances C. Moore, 2006. “A Hydrochemical Study of the Linnevatnet Catchment”, poster presentation at *International Arctic Workshop*, Boulder, CO.

Seminars and Invited Talks

“Workshop on Natural Capital Measurement and Modeling”, *European Commission Economic and Financial Affairs DG*, keynote talk, virtual via Zoom, November 30th, 2023.

“Synthesis of Evidence Yields High Social Cost of Carbon Due to Structural Model Variation and Uncertainties”, *RFF Lunchtime Seminar*, Resources for the Future, Washington DC, September 19th 2023.

“Synthesis of Evidence Yields High Social Cost of Carbon Due to Structural Model Variation and Uncertainties”, *Climate Change Economics Seminar*, Federal Reserve Board of Governors, Washington DC, September 18th 2023.

“Synthesis of Evidence Yields High Social Cost of Carbon Due to Structural Model Variation and Uncertainties”, *Agricultural and Resource Economics Department Seminar*, University of Maryland, College Park, MD, August 30th 2023.

“Risks of Climate Change for the U.S.”, *EPRI 26th Energy and Climate Research Seminar*, Washington, DC, May 14th 2023.

“Improving Understanding of the Effects of Climate Change on Human Wellbeing”, *NOAA-UCAR Global Change Summer Institute*, Steamboat Springs, CO, July 18th 2022.

“Determinants of Emissions Pathways in the Coupled Climate Social System,” *Climate, Climate Change and Society Convent*, University of Hamburg, Hamburg, Germany, June 23rd 2022.

“Understanding and Managing Risks of Climate Change for Human Welfare,” Potsdam Institute for Climate Impact Research, Potsdam, Germany, June 21st 2022.

“Distribution, Drivers of Variance, and Structural Uncertainty in the Social Cost of Carbon”, *Environment and Resources Economics Seminar*, University of California San Diego, May 16th 2022.

“Understanding and Managing Climate Risk”, *Department of Environmental Health and Engineering Wolman Seminar*, Johns Hopkins University, April 12th 2022.

“Persistent Effect of Temperature on GDP Identified from Low-Frequency Temperature Variability”, *Triangle Resource and Environmental Economics (TREE) Seminar*, North Carolina State University, April 7th 2022.

“Understanding and Managing Climate Risk”, *Rohatyn Center for Global Affairs Global Economics Program*, Middlebury College, March 28th 2022.

“Revising the Social Cost of Carbon: Key Economic Policy Priorities”, panel session, *American Economic Association*, Jan 9th 2022.

“Noah’s Ark in a Warming World: Climate Change, Biodiversity Loss, and Public Adaptation Costs in the United States,” *Department of Economics Seminar*, University of Connecticut, virtual via Zoom, November 15th 2021.

“Noah’s Ark in a Warming World: Climate Change, Biodiversity Loss, and Public Adaptation Costs in the United States,” *Department of Agricultural and Resource Economics Seminar*, Auburn University, virtual via Zoom, October 22nd 2021.

“Use and Non-Use Value of Nature and the Social Cost of Carbon”, *Climate and Biodiversity Symposium*, Paris School of Economics, virtual via Zoom, Oct 15th 2021.

“Importance of Damage Persistence for Climate Change Costs: New Evidence from Lower-Frequency Temperature Variability”, *Second NAVIGATE Expert Workshop*, virtual via Zoom, Sep 20th 2021.

“Use and Non-Use Value of Nature and the Social Cost of Carbon”, *Virtual Seminar on Climate Economics*, San Francisco Federal Reserve, virtual via Zoom, May 13th, 2021.

“Noah’s Ark on Rising Seas: Climate Change, Biodiversity Loss, and Public Adaptation Costs in the United States”, *Department of Agricultural and Resource Economics Seminar*, University of California Berkeley, virtual via Zoom, February 18, 2021.

“Use and Non-Use Value of Nature and the Social Cost of Carbon”, *University of California Environmental Economics Seminar*, University of California, virtual via Zoom, January 8, 2021.

“Use and Non-Use Value of Nature and the Social Cost of Carbon”, *Environment, Resource, and Energy Economics Seminar*, Center for Environmental Economics and Sustainability Policy, Arizona State University, virtual via Zoom, November 13, 2020.

“Use and Non-Use Value of Nature and the Social Cost of Carbon”, *Series of Webinars in Environmental and Energy Economics and Policy*, hosted by European Institute on Economics and the Environment, virtual via Zoom, October 14, 2020.

“The Fingerprint of Anthropogenic Warming on Global Agriculture”, *Department of Crop Sciences*, University of Illinois Urbana Champaign, virtual via Zoom, September 16, 2020.

“Adaptive Benefits of Agricultural Water Markets”, *Online Agriculture and Resource Economics Seminar (OARES)*, virtual via Zoom, May 13, 2020.

“Climate Damages in Integrated Assessment Models”, Association for Environmental and Resource Economists Summer Conference, Lake Tahoe CA, *Pre-Conference Workshop*, May 29th, 2019.

“Human Perception of Climate Change: Evidence from Twitter for Rapidly Shifting Baselines”, *Climate Change Speaker Series*, Baruch College, City University of New York, April 16th 2019.

“Estimating the Adaptive Benefits of Water Market Reform for California Irrigated Agriculture”, *Environmental Markets Lab*, University of California Santa Barbara, April 9th 2019.

“Rapidly Adjusting Perceptions of Temperature in a Changing Climate,” *Department of Agricultural Economics Seminar*, Purdue University, September 20th 2018.

“Characterizing and Detecting the Influence of Anthropogenic Warming on Global Crop Yields”, *Ocean and Climate Physics Seminar*, Lamont Doherty Earth Observatory, Columbia University, April 20th 2018.

“Documenting Adjustment to Environmental Change Using Twitter: Perceptions of Normal and Extreme Weather in a Changing Climate”, *Sustainable Development Seminar*, School of International and Public Affairs, Columbia University, April 16th 2018.

“Estimating the Effects of Climate Change on Global Crop Yields: Economic Consequences and Implications for Climate Policy”, *Department of Plant Sciences Seminar*, Penn State University, March 2nd 2018.

“Effects of Climate Change on Global Agriculture: Understanding the Past and Projecting the Future”, *Graduate Group in Ecology Seminar*, University of California Davis, February 8th 2018.

“Shifting Baselines, Climate Trends, and the Perception of Unusual Weather Events: Evidence from Twitter”, *Department of Economics Seminar*, University of Nevada Reno, September 21st 2017.

“Shifting Baselines, Climate Trends, and the Perception of Unusual Weather Events: Evidence from Twitter”, *Climate Change Economics Seminar*, University of California Berkeley, September 7th 2017.

“Improving the Empirical Basis of IAM Damage Functions”, *National Center for Environmental Economics*, Environmental Protection Agency, Washington DC, June 15th 2017.

“New Estimates of Climate Change Impacts on Agriculture: Implications for the Social Cost of Carbon” *Geography Graduate Group Seminar*, University of California Davis, May 10th 2017.

“Welfare Effects of Climate Change Impacts on Agriculture: Evidence from Over 1,000 Yield Studies”, *Agriculture and Resource Economics Department Seminar*, University of California Berkeley, April 27th 2016

“Learning, Risk Exposure and Extreme Events in a Changing Climate”, *Lawrence Berkeley National Laboratory*, March 7th 2016.

“Growth Rate Impacts and the Social Cost of Carbon”, *Center for Energy and Environmental Policy Research Fall Workshop*, Massachusetts Institute of Technology, November 19th 2015.

“Climate Change Impacts on Economic Growth: Empirical Evidence and Policy Implications”, *Energy and Resources Group Colloquium*, UC Berkeley, September 23rd 2015.

TEACHING

Instructor

ESP 106: Introduction to Environmental Data Science	UC Davis, Winter 2021-2022
ENV 203: Environmental Policy Clinic	UC Davis, Spring 2019-2020
ESP 198: Topics in Environmental Justice Speaker Series	UC Davis, Spring 2018
ENV 200b / ECL 212b: Environmental Policy Evaluation	UC Davis, 2018-2022
ESP 168a: Methods of Environmental Policy Analysis	UC Davis, Fall 2016-2021, 2023

ACADEMIC SERVICE AND MEMBERSHIP

Public Service: Chapter Author, Chapter 18: Sector Interactions, Multiple Stressors, and Complex Systems, *Sixth National Climate Assessment*.

Editorial Board: Environmental Research Climate

Peer Reviews: Science, Nature, Proceedings of the National Academy of Sciences, Nature Climate Change, Review of Economics and Statistics, American Journal of Agricultural Economics, Journal of Environmental Economics and Management, Environmental Research Letters, Geophysical Research Letters, Climatic Change, Climatic Change Letters, Management Science, Energy Economics, Climate Change Economics, Global Change Biology, Ecological Economics, Agricultural and Forest Meteorology, Bulletin of the American Meteorological Society, Management Sciences, Oxford Bulletin of Economics and Statistics, Environmental Modeling and Assessment, American Anthropologist, Global Environmental Politics, International Environmental Politics, Journal of Global Economic Assessment.

2018 Editor's Citation for Excellence in Refereeing, *Geophysical Research Letters*

Member: American Geophysical Union, American Economic Association, American Environmental and Resource Economics Association

Mentor: American Environmental and Resource Economics Association Scholar's Program, 2021-2022

PUBLIC OUTREACH

Public Lectures

"Using Social Media Data to Improve Measurement and Monitoring of Coastal Flooding", *Climate Change AI Group*, via Zoom, May 21st 2021.

"Counting the Costs of Climate Change", *Tahoe Environmental Research Center*, Spring Lecture Series, via Zoom, March 25th, 2021.

"Climate Economics", *Effective Environmentalism Facebook Group*, online via Zoom, Aug 9th 2020.

“Climate Change Economics Town Hall Panel Discussion”, *American Association for the Advancement of Science*, Seattle WA, Feb 15th 2020.

“Climate Change Politics and Policy: From Global to Local”, *RiseUp SF*, San Francisco CA, October 13th 2019.

“Climate Policy Since the Paris Agreement”, *Berkeley Breakfast Club*, Berkeley, CA, January 18, 2019.

“Have we Made Progress Since Paris? An Update on Climate Policy”, *Democrats Abroad UK*, London England, July 11th 2018.

“Economics of Climate Change”, *Global Climate Change Summit*, University of Nevada Reno, Reno, NV, September 22nd 2017.

“New Economic Thinking About Climate Change and Why it Matters”, *The Most Urgent Untold Environmental Stories of Our Time*, Nevada City, CA, Jan 16th 2016.

“So You Think You Can Adapt? Heuristics and Biases in the Perception of Climate Risk” with Nik Sawe, *Connecting the Dots 2014: The Climate, Energy, Food and Water Nexus*, Stanford University, April 18th, 2014.

“Climate Change and Food Security”, *American Association for University Women*, Walnut Creek, CA, March 8th, 2014.

“Modern Climate Change: The Carbon Cycle and Climate vs. Weather,” *Alliance for Climate Education Teacher Workshop*, Sacramento, CA, Aug 5th, 2013.

“An Introduction to Modern Climate Change: What Has Happened? What Will Happen? How Do We Know?”, *Geoscape Bay Area Teacher Workshop*, Stanford, CA, July 16th, 2013.

Blog Posts and Op-Eds

“How to Model Society’s Response to Climate Change”, [Carbon Brief](#), February 25th 2022.

“For Americans’ Health, a Dollar of Carbon Emissions Prevented is Worth a Ton of Cure”, [Scientific American](#), April 17th 2021. With Timothy G. Singer.

“Climate Change is the New Normal but we Don’t Seem to Notice”, [New Scientist](#), March 2nd, 2019.

“The Data is In. Frogs Don’t Boil. But we Might.” [Washington Post](#), February 25th, 2019. With Nick Obradovich.

WORKSHOPS AND SUMMER SCHOOLS

European Association of Environmental and Resource Economists, *European Summer School on the Economics of Adaptation to Climate Change*, Venice, Italy. July 6th – 12th, 2014.

Columbia University, *Fourth Interdisciplinary PhD Workshop in Sustainable Development*, New York, NY. April 25th-26th, 2014.

Santa Fe Institute, *Complex Systems Summer School*, Santa Fe, NM. June 8th – July 1st, 2011.

OTHER WORK EXPERIENCE

Teaching Assistant

ENVRES 300: Economics for Environmental Management

Teaching Assistant, Prof. Charlie Kolstad

Stanford University, Fall 2014

EESS 184/284: Climate and Agriculture

Teaching Assistant, Prof. David Lobell

Stanford University, Spring 2012

Law 428: Conservation in the Face of Climate Change

Teaching Assistant, Prof. Buzz Thompson

Stanford University, Spring 2011

F&ES 851a,b: Environmental Diplomacy Practicum

Teaching Assistant, Prof. Roy Lee

Yale School of Forestry, Fall 2009-Spring 2010

Research Assistant, Yale Center for Environmental Law and Policy

September 2008 – August 2009.

New Haven, CT

International Climate Policy Intern, Center for Clean Air Policy

May 2009 – August 2009.

Washington, DC

Staff Researcher, Earth Policy Institute

May 2007 – June 2008.

Washington, DC

Research Associate, Climate Institute

January – May 2007.

Washington, DC

Research Assistant, ICF International

July 2006 – January 2007.

Fairfax, VA
